GUIDANCE CHANGES

Chapter 1- GENERAL INFORMATION

(Change) 1.1.2. Pride in an Airman's personal appearance and wearing of the uniform greatly enhances the esprit-de-corps essential to an effective military force. Therefore, it is most important for all Airmen to maintain a high standard of dress and personal appearance. The five elements of this standard are neatness, cleanliness, safety, uniformity, and military image. The first four are absolute, objective criteria needed for the efficiency and well-being of the Air Force. The fifth, military image, is subjective, but necessary. Appearance in uniform is an important part of military image. Judgment on the proper image differs in and out of the military. The American public and its elected representatives draw certain conclusions on military effectiveness based on the image Airmen present. The image of a disciplined and committed Airman instills public confidence that Airmen live by a common standard and respond to military order and discipline. Every Airman has a responsibility to maintain an "acceptable military image," as well as the right, within limits, to express individuality through his or her appearance.

(Change) 1.2.1. Except when authorized to wear civilian clothes, Airmen will wear the appropriate Air Force uniform while performing military duties. Name tapes/tags will reflect the member's legal last name as spelled on the military identification card and may include diacritical accents and hyphens. If a diacritical accent is used, all letters should be the same height (e.g., PEÑA SANCHEZ, LEWIS-MILES, or MÜLLER).

Chapter 2 –ROLES AND RESPONSIBILITIES

(Change) 2.10.1. Enforces dress and personal appearance standards in accordance with Department of Defense and Air Force instruction for wear of military uniforms or civilian clothes when authorized to be worn on-duty.

Chapter 3 – GROOMING AND APPEARANCE STANDARDS

(Change) 3.1. Personal Grooming Standards. This chapter outlines personal grooming while wearing any Air Force uniform or civilian clothing in an official capacity. Commander's discretion may be used to determine if individual's personal grooming is within standards of this instruction. The personal grooming standards listed are minimum standards that represent common appearance issues and are *not* all-inclusive. Although Airmen have the right, within established limits, to express their individuality through their appearance, the Air Force has defined what is and what is not an acceptable, professional military image for Airmen. Except for minor variations based on gender differences, all Air Force personnel must comply with the same personal grooming standards. Supervisors have the responsibility to determine compliance with this AFI and to correct the obvious violations regardless of whether the situation identified is clearly written in this AFI. Commanders do *not* have authority to waive grooming and appearance standards except as identified in this instruction.

(Change) 3.1.2. Hair-Male. Tapered appearance on both sides and the back of the head, both with and without headgear. A tapered appearance is one that when viewed from any angle outlines the member's hair so that it conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twists or spiking. A block-cut is permitted with tapered appearance. Hair will *not* exceed 1¼ inch in bulk, regardless of length and ¼ inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck to touch the collar. Hair will not touch the ears or protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flat-top cuts are authorized. Prohibited examples (*not* all inclusive) are Mohawk, mullet, cornrows, dreadlocks or etched shapes/design. Airmen may have one (cut, clipped or shaved) straight line part, not slanted or curved, on either side of their head where a natural part would be combed. Men are *not* authorized hair extensions. See **figure 3.1** for graphic examples of appropriate sideburns, and mustache and male hair standards.

(Change) 3.1.2.3. Beards. Beards are not authorized unless for medical reasons, when authorized by a medical official, or as authorized pursuant to a request for a religious accommodation. Beard wear authorized for religious reasons are governed by **Attachment 8** of this instruction. When authorized for medical reasons, members will keep all facial hair trimmed not to exceed ¼ inch in length. Individuals granted a shaving waiver may shave or trim their facial hair to present a neat, clean, professional image but will not shave or trim in such a manner as to give a lined/shaped appearance. Commanders and supervisors will monitor progress in treatment to control these waivers. If necessary for medical reasons, facial hair will be kept neat and conservative (moderate, being within required limits (not more than ¼ inch); not excessive or extreme). During tours of less than 30 days, Air Force Reserve (AFR) and Air National Guard (ANG) chaplains not on extended active duty may request a beard waiver for religious observance when consistent with their faith. For AFR waiver processing instructions see AFMAN 36-2136, *Reserve Personnel Participation*. For ANG waiver process instructions contact ANG/HC.

(Change) 3.1.3.3. Locs, braids, twists, micro-braids, french braids, dutch braids and cornrows are authorized. Locs are defined as portions of hair that have been intentionally or unintentionally fused together to form a loc or locs. A braid or twist is two or more portions of interwoven hair. If adding additional hair, it must be a natural-looking color (similar to the individual's hair color) and conservative (moderate, being within reasonable limits; not excessive or extreme). Hair must not exceed bulk and length standards and must not extend below the bottom of the collar (**see figure 3.4**). Headgear must fit properly.

(Change) 3.2. Fingernails. Male Airmen are not authorized to wear nail polish. If worn by females, nail polish will be a single color that does not detract from the uniform, nor can the nail polish be extreme in color. Some examples of extreme colors include, but are not limited to, purple, gold, blue, black, bright (fire engine) red and florescent colors. Do not apply designs to nails or apply two-tone or multi-tone colors; however, white-tip French manicures are authorized. Fingernails must not exceed ¼ inch in length beyond the tip of the finger and must be clean and well groomed. Fingernails must not interfere with the performance of assigned duties. Fingernails must not hinder proper fit of prescribed safety equipment or uniform items.

(Change) 3.3. Cosmetics. Male Airmen are not authorized to wear cosmetics. Female Airmen may wear cosmetics; however, if worn, they will be conservative (moderate, being within reasonable limits; not excessive or extreme) and in good taste. Female Airmen will not wear shades of lipstick that detract from the uniform, or that are extreme colors. Some examples of extreme colors include but are not limited to, purple, gold, blue, black, bright (fire-engine) red, and fluorescent colors. Cosmetics will not be worn during field conditions.

(Change) 3.4.3. Cosmetic tattooing. Tattooing for cosmetic purposes is authorized when directed by licensed, qualified medical personnel to correct a medical condition, illness or injury for both men and women. When not medically directed, cosmetic tattooing is permitted for women if done to apply permanent facial makeup (i.e. eyebrows, eye liner); the cosmetic tattooing must have a natural appearance and be conservative, moderate, within reasonable limits, not excessive or extreme, and in good taste.

Chapter 7- OUTER GARMENTS, HEADGEAR, RANK INSIGNIA AND ACCESSORIES

(Change) 7.3.1.2. Bracelets. Ankle bracelets are not authorized. Airmen may wear one bracelet around their wrist. If worn, the bracelet will be conservative (moderate, being within reasonable limits; not excessive or extreme) in design, no wider than ½ inch, gold or silver in color, and will not have any inappropriate pictures or writing. Medical alert/identification bracelets are authorized. If worn, they will be conservative and moderate being within reasonable limits. They will not be excessive or extreme, which is defined as plain, not drawing inappropriate attention. Gemstones/tennis bracelets may only be worn with the mess dress uniform. Bracelets espousing support for cause, philosophy, individual or group are not authorized (Exception: Traditional metal POW/MIA/KIA bracelets, which come in colors besides silver, bronze, or gold, remain authorized).

(Change) 7.3.2. Eyeglasses/Sunglasses. Will be worn in the manner for which they are made. Eyeglasses and sunglasses will not be worn around the neck or on top/back of head or exposed hanging on the uniform. Eyeglasses and sunglasses may have conservative ornamentation on non-prescription sunglasses or eyeglasses, frames may be black or brown material or gold or silver wire. Brand name glasses may be worn with small logo on frames or lenses. Logo may contrast with frame color or lenses (conservative colors/small logos; black, brown, matte silver/gold). Conservative wrap-around sunglasses may be worn. Conservative, clear, slightly tinted, mirrored or photosensitive lenses are authorized. Sunglasses (to include darkened photosensitive lenses) are not authorized in formation. [Exception: Sunglasses are not authorized in formation, unless for medical reasons, e.g., PRK/Lasik surgery and when authorized by a commander or commandant on the advice of a medical official.]

AFGM2020-01 2 July 2020

(Change) 7.4.2.6. Dress Boots. Can be worn (optional) with the service dress and service uniforms (authorized with all blue maternity uniforms). Wear boots with skirt or slacks; however, if worn with skirt, remove boots and wear pumps, slip-on shoes, or low quarters while in the work place. Heels will be of a height suitable to the individual but no higher than 2½ inches (measured from the inside sole of the boot to the end of the heel lift). The tip of the heel cannot be less than ½ inch in diameter or larger than the body of the boot. Pointed or squared toes and extreme heel shapes are not authorized. They will be plain, clean and serviceable, and without ornamentation such as buckles, bows or straps. The material will be smooth, scotch-grained leather or a manmade material. They may be high-gloss or patent finish.

(Change) 7.4.2.7. Pumps. Will be worn with the formal dress, mess dress, and semi-formal uniforms (authorized with all blue maternity uniforms). Optional with the service dress and service uniforms. Black pumps will be low cut and rounded throat (the top opening) with a raised heel no higher than 3 inches (measured from the inside sole of the shoe to the end of the heel lift). The tip of the heel cannot be less than ½ inch in diameter or larger than the body of the shoe. Pointed or squared toes and extreme heel shapes are not authorized. They will be plain, clean and serviceable, and without ornamentation such as buckles, bows or straps. The material will be smooth, scotch-grained leather or a manmade material. They may be high-gloss or patent finish.

(Change) 7.4.2.8. Slip-on Shoes. Can be worn (optional) with the service dress and services uniforms (authorized with all blue maternity uniforms). Pointed or squared toes and extreme heel shapes are not authorized. They will be plain, clean and serviceable, and without ornamentation such as buckles, bows or straps. The material will be smooth, scotch-grained leather or a manmade material. They may be high-gloss or patent finish.

(Change) 7.4.3.2. Tan or Coyote Brown Boots. During initial transition, Airmen may wear either Tan or Coyote Brown boots with the OCPs. On 1 September 2020, only Coyote Brown boots will be worn with the OCP. [Exception: Athletic shoes may be worn if medically necessary, as determined by competent medical authorities at a civilian or military treatment facility and approved by the commander]. The soling material will not exceed 2 inches in height. Boots will be laced up with plain rounded toe or rounded capped toe with or without a perforated seam. This instruction implements Air Force Policy Directive (AFPD) 36-29, *Military Standards*. It provides responsibilities and standards for dress and personal appearance of all Air Force personnel and, consistent with Department of Defense Instruction (DoDI) 1300.17, *Accommodation of Religious Practices Within the Military Services*, the guidance for requesting religious apparel accommodation. It applies to all Regular Air Force (RegAF), Air Force Reserve (AFR), Air National Guard (ANG), retired and separated personnel. In collaboration with the Chief of Air Force Reserve (AF/RE) and the Director of the Air National Guard (NGB/CF), the Deputy Chief of Staff for Manpower, Personnel, and Services (AF/A1) develops personnel policy for dress and personal appearance programs. ANG members in Title 32 status performing full-time National Guard duty or inactive duty for training, who violate the mandatory provisions of this instruction, may be held accountable through similar provisions of their respective State Military Codes. Violations may result in administrative disciplinary action without regard to otherwise applicable criminal or civil sanctions for violations of related laws. Chapter 1

GENERAL INFORMATION

1.1. Basic Philosophy.

1.1.1. The Air Force philosophy is that the uniform will be plain, distinctive, and standardized. This standardization includes a minimum and maximum number of authorized badges, insignia, and devices.

1.1.2. Pride in an Airman's personal appearance and wearing of the uniform greatly enhances the esprit-de-corps essential to an effective military force. Therefore, it is most important for all Airmen to maintain a high standard of dress and personal appearance. The five elements of this standard are neatness, cleanliness, safety, uniformity, and military image. The first four are absolute, objective criteria needed for the efficiency and well-being of the Air Force. The fifth, military image, is subjective, but necessary. Appearance in uniform is an important part of military image. Judgment on the proper image differs in and out of the military. The American public and its elected representatives draw certain conclusions on military effectiveness based on the image Airmen present. The image must instill public confidence and leave no doubt that Airmen live by a common standard and respond to military order and discipline. The image of a disciplined and committed Airman is incompatible with the extreme, the unusual, and the faddish. Every Airman has a responsibility to maintain an "acceptable military image," as well as the right, within limits, to express individuality through his or her appearance.

1.1.3. Airmen project a military image, and make an impression on those around them, in large part by how they wear their uniforms. The Air Force emphasizes, a neat, clean, and professional image. Members have a responsibility to keep their uniform clean, pressed (see instructions for Airman Battle Uniform (ABU) and Operational Camouflage Pattern (OCP) Uniforms) and in good repair. Members are responsible for knowing authorized uniform combinations and correct placement of ribbons, insignia, badges and other uniform items.

1.1.4. Commanders do not have the authority to waive grooming and appearance standards except as identified in [paragraph 3.1.2.3](#) of this instruction.

1.2. Wear of the Air Force Uniform.

1.2.1. Except when authorized to wear civilian clothes, Airmen will wear the appropriate Air Force uniform while performing military duties. Name tape/tag will reflect legal last name (to include multiple last names) on military identification card (e.g., Trejo Sanchez, Trejo-Sanchez, or TrejoSanchez).

1.2.2. Airmen assigned to non-Air Force organizations will wear the Air Force equivalent of the order of dress prescribed. For example, if the non-Air Force organization prescribes a utility uniform as the uniform of the day, assigned Airmen may wear either the ABU or the OCP until OCP wear is mandatory on 1 April 2021.

1.2.3. Airmen attending a military event, either social or official, must wear the appropriate uniform or civilian attire as requested by the host/hostess or directed by the commander.

1.2.4. Commanders will not direct the wear of optional items unless they are provided at no cost to Airmen. Commanders will not prohibit the wear of optional items, except when uniformity is required as identified in [paragraph 2.10.5](#) of this instruction. (T-1).

1.2.5. Airmen may alter uniform clothing to improve fit. Airmen may wear taps on their authorized uniform boots and shoes to preserve the heels as long as the taps do not change the intended appearance of the boots and/or shoes.

1.2.6. Airmen discharged for bad conduct, undesirability, unsuitability, inaptitude, or other than honorably will not wear the Air Force uniform upon discharge.

1.2.7. While portraying a member of the Air Force, an actor in a theatrical or motion-picture production may wear the uniform of the Air Force if the portrayal does not tend to discredit the Armed Forces. Refer to Title 10 United States Code (USC) Section 772 (f).

1.2.8. While attending a course of military instruction conducted by the Army, Navy, Air Force, or Marine Corps, a civilian, in accordance with Title 10 USC Section 772 (h), may wear the Air Force uniform equivalent to the uniform prescribed by that armed force if the wear of such uniform is authorized by the Air Education and Training Command Commander or sister service equivalent. If worn, civilians will conform to the same standards of appearance, practices, and conduct in uniform prescribed for active duty members.

1.2.9. An instructor or member of the organized cadet corps of a state university or college, a public high school, or an educational institution having a regular course of military instruction in military science and tactics from a member of the Air Force may prescribe wear of an Air Force uniform if it includes distinctive insignia prescribed by the Secretary of the Air Force (SecAF) to distinguish it from the uniform worn by Regular Air Force (RegAF), Air National Guard (ANG), and Air Force Reserve (AFR) Airmen. The uniform prescribed will not include insignia of rank the same as, or similar to, those prescribed for officers in the Army, Navy, Air Force, or Marine Corps.

1.2.10. Officers are authorized to wear the rank insignia of the next higher rank if they have been “frocked” to that rank. Refer to Title 10 United States Code Section 777 for details on being “frocked” to the next higher rank. For Air National Guard (ANG) State Adjutant Generals, see [paragraph 11.2.5](#); all other Airmen in a “Title 10” status will wear their federally recognized rank at all times. Chief Master Sergeant selects are authorized to wear rank insignia of the higher grade if they have been “frocked” to that rank. Chief Master Sergeant selects identified by the Chief’s Group eligible to be “frocked” when it is in the best interest of the Air Force and appropriate for effective duty performance.

1.2.11. Authorized headgear will be worn while outdoors unless in an area designated as a “no hat” area by the Installation Commander. Headgear will also be worn indoors by armed Security Forces personnel or others bearing arms while performing duties.

1.3. Optional Wear of the Air Force Uniform.

1.3.1. During Travel. When traveling in an official capacity on commercial air, in Continental United States (to include Alaska and Hawaii), the service dress uniform (Class A), blue service uniform (Class B), ABU or OCP uniform may be worn, as appropriate. Wear of the flight duty uniform is not authorized.

1.3.2. When traveling in an official capacity on commercial air overseas, Airmen should first consult the Department of Defense Foreign Clearance Guide before traveling in uniform.

1.3.3. If departing from and arriving at a military airfield via government aircraft or contracted United States government commercial flights, any authorized combination of the uniform is appropriate.

1.3.4. If departing from or arriving at commercial airports in Continental United States (to include Alaska and Hawaii) during unofficial travel any, authorized combination of uniform, except the flight duty uniform, is appropriate.

1.3.5. Those choosing to wear civilian clothing in lieu of a uniform during official travel will ensure it is neat, clean, warm enough for in-flight operations, and appropriate for the mode of travel and destination. Examples of inappropriate clothing include: ripped, torn, frayed, or patched clothing, tank tops, extremely short shorts/skirts, undergarments worn as outer garments, bathing suits, and any garments which are revealing or contain obscene, profane, or lewd words or drawings.

1.3.6. Any uniform is authorized while attending off duty education conducted off a military installation.

1.4. When NOT to wear the Air Force Uniform.

1.4.1. At a meeting of, or sponsored by, an organization, association, movement, or group that:

1.4.1.1. The Attorney General of the United States has named as totalitarian, fascist, communist or subversive.

1.4.1.2. Advocates or approves acts of force or violence to deny others their rights under the Constitution of the United States.

1.4.1.3. Seeks to change the United States Government by unconstitutional means.

1.4.2. Except when authorized by the AF/A1, when participating in activities such as unofficial public speeches, interviews, picket lines, marches, rallies or any public demonstration which may imply Air Force sanction of the cause for which the demonstration or activity is conducted.

1.4.3. At any public meeting, demonstration, march, rally or interview if the purpose may be to advocate, express or approve opposition to the Armed Forces of the United States.

1.4.4. When it would discredit the Armed Forces.

1.4.5. When discharged for bad conduct, undesirability, unsuitability, inaptitude, or other than honorably, Airmen will not wear the Air Force uniform upon discharge.

1.4.6. While furthering political activities, private employment or commercial interest.

1.4.7. While working in an off-duty, civilian capacity.

1.4.8. While participating in civilian court proceedings when the conviction would bring discredit to the Air Force.

1.4.9. While in civilian attire. Unless prescribed in this instruction, do not mix or wear a combination of civilian and military clothing or unique uniform items e.g. rank insignia, cap

devices, badges, and other United States or Air Force insignia, devices, buttons, etc. **Exception:** Tie tacks and lapel pins are authorized when wearing business attire.

1.4.10. When wearing combinations of uniform items not specifically prescribed in this Air Force instruction.

1.4.11. When uniform items do not meet Air Force specifications.

1.4.12. When off base eating at restaurants where most diners wear business attire or at establishments that operate primarily to serve alcohol, do not wear the ABU, OCP or the Flight Duty Uniform.

1.4.13. Air Force personnel may not wear their military uniforms when using frequent flyer miles to upgrade to business or first class. Thus, even when an upgrade to business or first class accommodations is legitimate, military personnel should not wear the uniform to avoid the public perception of misuse of government travel resources, which generates unnecessary complaints.

1.5. How Members Acquire Uniform Items.

1.5.1. Officers and Enlisted Personnel.

1.5.1.1. Purchase clothing items from the Army and Air Force Exchange Service (AAFES) Military Clothing Sales Stores (MCSS) and/or AAFES online. Items may also be issued through Individual Equipment Elements or contract equivalent as applicable. No other suppliers are approved for organizational/unit purchases. For optional items such as pumps, purses, etc., commercial vendors may be used.

1.5.1.2. Any item not mentioned in this Air Force Instruction (AFI) is not authorized for wear (**Exception:** Allowance Standard 016, documented amount and type of organizational clothing and equipment items authorized for an organization by applicable commander). The omission of a specific item or appearance standard does not automatically permit its wear.

1.5.2. Officer Personnel. Procure and maintain all items necessary to meet standards of dress for assigned duties and mission requirements.

1.5.3. Enlisted Personnel. Procure and maintain all mandatory clothing items listed in AFI 36-3012, *Military Entitlements*.

1.5.4. Officer and Enlisted Personnel. Request a civilian clothing allowance in accordance with AFI 36-3012, when required by competent authority to wear civilian clothes (for reasons such as safety or security) while performing assigned duties.

2.10.1. Enforces dress and personal appearance standards in accordance with Department of Defense and Air Force regulation. Defines “conservative,” “faddish,” and other terms not specifically defined in this publication or applicable supplements when enforcing dress and appearance standards for wear of military uniforms or civilian clothes when authorized to be worn on-duty.

2.10.2. Ensures uniform items are consistent and standardized throughout the organization. To maintain uniformity and good order, commanders determine their members' compliance and understanding of this instruction.

2.10.3. May authorize wear of civilian clothing on-duty per AFI 36-3012.

2.12. Supervisor. Supervisors must be knowledgeable of uniform and personal grooming and appearance standards (regardless of gender of subordinate) and set the example of acceptable standards. Supervisors may perform random uniform inspections to ensure subordinate Airmen are in compliance with this instruction and all applicable supplements. Supervisors must ensure subordinate Airmen comply with this instruction and take appropriate corrective action when they do not meet standards.

2.13. All Airmen/Individual Responsibilities. While members may differ in physical characteristics, uniforms are meant to be standardized. Uniforms are a unique distinction that an individual is a member of the United States Air Force and it is each Airman's individual duty and personal obligation to maintain a neat appearance and professional image while wearing the uniform.

2.13.1. Each Airman must procure and maintain all mandatory clothing items per AFI 36-3012. **(T-1).**

2.13.2. All Airmen must adhere to this instruction and supplement(s) at all times. While assigned to another military service's installation, Airmen will comply with local order of dress, provided their standards are *not* less restrictive than the Air Force. Temporary duty personnel will comply with local policies established at each temporary duty location, within Air Force standards. **(T-1).**

2.13.3. All Airmen must ensure uniform items and civilian clothing (in official capacity) are maintained, clean, and in serviceable condition (that is, not frayed, worn out, torn, faded, patched, etc.), correct in design and specifications, and fit properly. **(T-1).** Uniform items are to be zipped, snapped or buttoned unless otherwise defined in this instruction.

2.13.4. All Airmen must meet personal grooming standards while in uniform and when authorized and/or directed to wear civilian clothing in an official capacity in lieu of uniform. **(T-1).**

2.13.5. All Airmen should inform any Air Force member that is in violation of uniform and appearance standards

2.13.6. When in uniform or civilian clothes (in an official capacity), Airmen must not engage in public displays of affection including, but not limited to, holding hands (except when holding a young child's hand), walking arm-in-arm, embracing, caressing, and kissing. **(T-1).** Public displays of affection are inappropriate as they violate a long-standing custom of the service and may be service discrediting since indiscriminate displays of affection detract from the professional image the Air Force intends to project to the public. Brief displays of affection, such as a modest kiss or embrace, may be permitted in situations where physical contact is commonly accepted etiquette such as weddings, graduations, promotions, or retirement ceremonies; and upon departure for or return from deployments.

2.13.7. When in uniform or civilian clothes (in an official capacity) the following actions are *prohibited* while walking or in a formation, including organized or unit physical training. **Note:** Members should also consult AFI 34-1201, *Protocol*, for protocol, customs and courtesies.

2.13.7.1. Do *not* stand or walk with hand(s) in pocket(s), except to insert or remove an item.

2.13.7.2. Do *not* smoke or use smokeless products in other than designated smoking areas.

2.13.7.3. Do *not* consume food and/or beverage while walking in uniform. **Exception:** Beverages may be authorized during wear of physical training gear and commanders may authorize food and/or beverage consumption during special functions.

2.13.7.4. While walking in uniform use of personal electronic media devices, including ear pieces, speaker phones or text messaging is limited to emergencies or when official notifications are necessary (see [paragraph 7.3.4](#)). Military customs and courtesies take precedence.

Chapter 3

GROOMING AND APPEARANCE STANDARDS

3.1. Personal Grooming Standards. This chapter outlines personal grooming while wearing any Air Force uniform or civilian clothing in an official capacity. Commander's discretion may be used to determine if individual's personal grooming is within standards of this instruction. The personal grooming standards listed are minimum standards that represent common appearance issues and are *not* all-inclusive. Although Airmen have the right, within established limits, to express their individuality through their appearance, the Air Force has defined what is and what is not an acceptable, professional military image for Airmen. Except for minor variations based on gender differences, all Air Force personnel must comply with the same personal grooming standards. Supervisors have the responsibility to determine compliance with this AFI and to correct the obvious violations regardless of whether the situation identified is clearly written in this AFI. Commanders do *not* have authority to waive grooming and appearance standards except as identified in this instruction. Grooming and appearance standards must be conservative (moderate, being within reasonable limits; not excessive or extreme) and not present a faddish appearance.

3.1.1. Hair-male and female. Will be clean, well-groomed, present a professional appearance, allow proper wear of headgear, helmet or chemical mask and conform to safety requirements. Will *not* contain excessive amounts of grooming aids (e.g. gel, mousse, pomade, or moisturizer), appear lopsided, touch either eyebrow, or end below an imaginary line across the forehead at the top of the eyebrows that is parallel to the ground. If applied, dyes, tints, bleaches and frostings must result in natural hair colors. Examples of natural hair colors are brown, blonde, brunette, natural red, black or grey. Prohibited examples (*not* all inclusive) are burgundy, purple, orange, fluorescent or neon colors. Commander may temporarily authorize cancer patients to wear approved caps (black/tan) due to a temporary medical condition (i.e., radiation/chemotherapy).

3.1.1.1. Wigs/Hairpieces/Extensions. Are authorized and will meet the same standard required for natural hair, be of good quality, fit properly, and comply with safety, functionality and professionalism. (**Note:** Extensions are still prohibited for males). Wigs/Hairpieces/Extensions will *not* be used to cover unauthorized hair styles. Synthetic hair or other materials are *not* authorized when prohibited by safety and mission requirements.

3.1.1.2. Hair-Nets. Worn as required for health or safety reasons. Made of natural or a synthetic material; must be conservative (plain and moderate, being within reasonable limits; not excessive or extreme), solid color similar to the member's hair color, also strong enough to support and control hair and contain no metal fasteners. Hair-nets are only authorized when performing related duties as determined by applicable commander.

3.1.2. Hair-Male. Tapered appearance on both sides and the back of the head, both with and without headgear. A tapered appearance is one that when viewed from any angle outlines the member's hair so that it conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twists or spiking. A block-cut is permitted with tapered appearance. Hair will *not* exceed 1¼ inch in bulk, regardless of length and ¼ inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck

to touch the collar. Hair will not touch the ears or protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flat-top cuts are authorized. Prohibited examples (*not* all inclusive) are Mohawk, mullet, cornrows, dreadlocks or etched design. Men are *not* authorized hair extensions. See [figure 3.1](#) for graphic examples of appropriate sideburns, and mustache and male hair standards.

FIGURE 3.1. Male Hair Standards Examples.

Sideburns

3.1.2.1. Sideburns. If worn, sideburns will be straight and even width (not flared), and will not extend below the bottom of the orifice of the ear opening. Sideburns will end in a clean-shaven horizontal line. See [figure 3.1](#)

Mustache

3.1.2.2. Mustaches. Male Airmen may have mustaches; however they will be conservative (moderate, being within reasonable limits; not excessive or extreme) and will not extend downward beyond the lip line of the upper lip or extend sideways beyond a vertical line drawn upward from both corners of the mouth. See [figure 3.1](#)

3.1.2.3. Beards. Beards are not authorized unless for medical reasons, when authorized by a commander on the advice of a medical official, or as authorized pursuant to a request for a religious accommodation. Beard wear authorized for religious reasons are governed by [Attachment 8](#) of this instruction. If commander authorizes, members will keep all facial hair trimmed not to exceed $\frac{1}{4}$ inch in length. Individuals granted a shaving waiver

will not shave or trim any facial hair in such a manner as to give a sculptured appearance. Commanders and supervisors will monitor progress in treatment to control these waivers. If necessary for medical reasons, facial hair will be kept neat and conservative (moderate, being within required limits (not more than ¼ inch); not excessive or extreme), as defined by the local commander. During tours of less than 30 days, Air Force Reserve (AFR) and Air National Guard (ANG) chaplains not on extended active duty may request a beard waiver for religious observance when consistent with their faith. For AFR waiver processing instructions see AFMAN 36-2136, *Reserve Personnel Participation*. For ANG waiver process instructions contact ANG/HC.

3.1.3. Hair-Female. No Minimum hair length, to a maximum bulk of 3 ½ inches from scalp and allows proper wear of headgear. Hair will end above the bottom edge of collar and will not extend below an invisible line drawn parallel to the ground, both front to back and side to side. Bangs, or side-swiped hair will *not* touch either eyebrow, to include an invisible line drawn across eyebrows and parallel to the ground. See [figure 3.2](#). When in doubt, assess correct length of hair with Airman standing in the position of attention. **Exception:** While wearing the Physical Training Gear (PTG), long hair will be secured but may have loose ends and may extend below the bottom edge of the collar.

FIGURE 3.2. Female Hair Standards Examples.

3.1.3.1. The intent is for pinned-up hair to be styled in a manner that prevents loose ends from extending upward on the head. For example, when using a clip or hairpins, hair will *not* present the appearance of a rooster tail. When hair is in a bun, the bun must be a single bun; no wider than the width of the head and all loose ends must be tucked in and secured. When hair is in a ponytail, it must be a single ponytail that does not exceed bulk and length standards and does not extend below the bottom of the collar (except while in the PTG). As with all hairstyles, a neat and professional image is essential.

3.1.3.2. Hair accessories. If worn, hair accessories (e.g., fabric scrunches, hairpins, combs, clips, headbands, elastic bands, barrettes, etc.) must match hair color. Black hair accessories are authorized regardless of hair color. Hair must still comply with bulk and appearance standards. Headgear must fit properly. Headbands or fabric scrunchies will not exceed one-inch in width. Ornaments are *not* authorized (i.e., ribbons, beads, jeweled pins). See [figure 3.3](#).

FIGURE 3.3. Female Hair Accessories.

3.1.3.3. Locs, braids, twists, micro-braids, french braids, dutch braids and cornrows are authorized. Locs are defined as portions of hair that have been intentionally or unintentionally fused together to form a loc or locs. A braid or twist is two or more portions of interwoven hair. If adding additional hair, it must be a natural-looking color, similar to the individual's hair color. It must be conservative (moderate, being within reasonable limits; not excessive or extreme) and not present a faddish appearance. Hair must not exceed bulk and length standards and must not extend below the bottom of the collar (see [figure 3.4](#)). Headgear must fit properly.

3.1.3.3.1. All locs, braids and twists, when worn will be of uniform dimension, no wider than one inch, with natural spacing between the locs, braids, and twists and must be tightly interwoven to present a neat, professional and well-groomed appearance. When worn, multiple locs, braids, or twists shall be of uniform dimension, small in diameter (approximately $\frac{1}{4}$ inches), show no more than $\frac{1}{4}$ inch of scalp between the locs, braids, or twists and must be tightly interwoven to present a neat, professional appearance.

3.1.3.3.2. A braid/twist must continue to the end of the hair without design and following the contour of the head, and may be worn loose or in a secured style within hair standards in [paragraph 3.1.3](#) above. **Exception:** Micro-braids or twists are not required to continue to the end of the hair.

3.1.3.4. Unauthorized: Mohawk, mullet or etched design.

FIGURE 3.4. Female Hair Styles Examples.

3.2. Fingernails. Male Airmen are not authorized to wear nail polish. If worn by females, nail polish will be a single color that does not distinctly contrast with the female Airman's complexion, detract from the uniform, or be extreme colors. Some examples of extreme colors included, but are not limited to, purple, gold, blue, black, bright (fire engine) red and florescent colors. Do not apply designs to nails or apply two-tone or multi-tone colors; however, white-tip French manicures are authorized. Fingernails must not exceed $\frac{1}{4}$ inch in length beyond the tip of the finger and must be clean and well-groomed. Fingernails must not interfere with the performance of assigned duties. Fingernails must not hinder proper fit of prescribed safety equipment or uniform items.

3.3. Cosmetics. Male Airmen are not authorized to wear cosmetics. Female Airmen may wear cosmetics; however, if worn, they will be conservative (moderate, being within reasonable limits; not excessive or extreme) and in good taste. Female Airmen will not wear shades of lipstick that distinctly contrast with their complexion, that detract from the uniform, or that are extreme colors. Some examples of extreme colors include but are not limited to, purple, gold, blue, black, bright (fire-engine) red, and fluorescent colors. Cosmetics will not be worn during field conditions.

3.4. Tattoos/Brands/Body Markings. For purposes of this instruction, a tattoo is defined as a picture, design, or marking made on the skin or other areas of the body by staining it with an indelible dye, or by any other method, including pictures, designs, or markings only detectible or visible under certain conditions (such as ultraviolet or invisible ink tattoos). A brand is defined as

a picture, design, or other marking that is burned into the skin or other areas of the body. Body markings are pictures, designs, or other markings as a result of using means other than burning to permanently scar or mark the skin. **Members who violate the prohibitions and mandatory provisions in paragraphs 3.4.1 and 3.4.2 are subject to prosecution under Article 92, UCMJ.**

3.4.1. Tattoos/Brands/Body Markings. **(Unauthorized content/locations).** Tattoos/brands/body markings will not be on the hands (except one ring tattoo on one finger on one hand), head, neck (anything visible above the open collar uniform), face, tongue, lips, eyes, and scalp. Tattoos/brands/body markings anywhere on the body that are obscene, commonly associated with gangs, extremist, and/or supremacist organizations, or that advocate sexual, racial, ethnic, or religious discrimination are prohibited in and out of uniform. Indecent tattoos/brands/body markings are grossly offensive to modesty, decency, or propriety, or shocks the moral sense, because of its vulgar, filthy, or disgusting nature, or its tendency to incite lustful thought. It is indecent if it tends reasonably to corrupt morals or incite libidinous thoughts. It must not violate community standards. Air Force Office of Special Investigations (AFOSI) maintains information regarding gang/hate group, etc. on tattoos/brands/body markings. Commanders should contact their servicing AFOSI unit for additional information. RELIGIOUS ACCOMMODATION

A8.1. Airmen may request a waiver to permit wear of neat and conservative (defined as, discreet, tidy, and not dissonant or showy in style, size, design, brightness, or color) religious apparel. Final review will take place within 30 days for cases arising within the U.S. and within 60 days for all other cases, with strict limitations on exception for exigent circumstances (T-0). Exceptions to policy of dress and personal appearance for religious accommodation will be approved when accommodation would not adversely affect mission accomplishment in accordance with DoDI 1300.17. For requests for religious accommodation when accommodation would adversely affect mission accomplishment, in accordance with Title 42, United States Code Section 2000bb-1, requests for religious accommodation from a military policy, practice, or duty that substantially burdens a Service member's exercise of religion may be denied only when the military policy, practice, or duty: (a) furthers a compelling governmental interest and (b) is the least restrictive means of furthering that compelling governmental interest.

A8.1.1. Only AF/A1 may grant exception to policy of dress and personal appearance standards for religious accommodation not otherwise delegated to lower-level commanders in this instruction. The approval memorandum will outline any limitations or delegations of authority. Religious accommodation dress and appearance exception to policy waivers granted by AF/A1 extend to temporary duty (TDY) and subsequent permanent duty assignment locations. If the Airman's commander believes a modification is necessary, the commander must forward the recommendation through the command chain to AF/A1PA, at usaf.pentagon.af-a1.mbx.af-a1pa-workflow@mail.mil. The commander's recommendation should clearly identify the basis and provide any recommended start and end dates for the proposed modification. In joint organizations, the director of personnel will serve as the approval authority with concurrence from the senior Air Force officer.

A8.1.2. Airman's home station Wing Commanders or HAF, MAJCOM, NAF, FOA and DRU Directors (O-6/GS-15 and above) are the approval authority for only the following dress and appearance religious accommodation requests: 1) hijab; 2) beard; 3) indoor/outdoor head coverings; 4) turban or underturban/patka worn with unshorn beard and with unshorn hair. All other requests require AF/A1 decision.

A8.1.2.1. AF/A1, AF/RE, or NGB/CF, as appropriate, makes the final determination on all recommendations to disapprove dress and appearance religious accommodation requests, as outlined below. Prior to disapproving a religious accommodation request from Air Force Reserve and Air National Guard Airman, AF/RE or NGB/CF will coordinate with AF/A1 and obtain a legal review from the Administrative Law Directorate (AF/JAA)(T-1).

A8.1.2.2. Airmen will continue to submit all requests for religious accommodation involving uniform wear and grooming, and dress and appearance standards pursuant to the process established in this instruction.

A8.1.2.3. Wing Commanders or HAF, MAJCOM, NAF, FOA and DRU Directors receiving a request for an accommodation involving uniform wear and grooming will provide a completed, approved request package to AF/A1PA at usaf.pentagon.af-a1.mbx.af-a1pa-workflow@mail.mil for tracking.

- A8.1.2.3.1. Package should include the Airman's memorandum addressed to the appropriate approval authority. The accommodation request memorandum will include, at a minimum, the name, grade, DoD Identification number, faith group, unit, and AFSC of the Airman; the nature of the accommodation requested; the religious basis for the request; and a comment on the sincerity of the request. **(T-1)**.
- A8.1.2.3.2. The memorandum will include a photo or description of the head covering, religious affiliated item, grooming standard, and/or personal appearance for which the Airman is requesting accommodation. **(T-1)**.
- A8.1.2.3.3. The wing chaplain (or equivalent) will assign a chaplain to conduct an interview of the requesting Airman concerning the underlying religious conviction or matter of conscience which motivates the Airman's request for accommodation. The interviewing chaplain will submit a written memorandum to the wing chaplain for review and endorsement. The wing chaplain will submit the endorsed memorandum to the requestor's commander. The memorandum should discuss 1) whether the member has a sincerely held belief, 2) whether the accommodation request is related to that sincerely held belief, and 3) how and to what extent the Air Force policy places a substantial burden on their belief.
- A8.1.2.3.4. Unit commanders endorse the request and address affect on health or safety and impact on duties of the Airman. Recommendations for disapproval should be unusual and based on real (not theoretical) compelling government interest e.g. safety or when precluded by a "compelling" (i.e., especially important) governmental and/or Air Force interest that takes precedence over the requested accommodation. Requests should normally be recommended for approval unless approval would have an adverse impact on military readiness, unit cohesion, standards, or discipline. When requests are precluded by military necessity, commanders and supervisors should seek reasonable alternatives.
- A8.1.2.3.5. Submit the request package, Airmen's request, Chaplain interview memorandum and chain of command recommendations to the Staff Judge Advocate for review. The Staff Judge Advocate will prepare a legal review for inclusion in the request package and make a disposition recommendation. The review must also state whether the request and attachment(s) are complete within the provisions of this instruction. **(T-1)**.
- A8.1.2.3.6. The Wing Commander or HAF, MAJCOM, NAF, FOA and DRU Director will make approval decision or disapproval recommendation after Staff Judge Advocate review.
- A8.1.2.4. The Wing Commander or HAF, MAJCOM, NAF, FOA and DRU Director will approve a request for a religious accommodation consistent with the standards described in this instruction.
- A8.1.2.5. If the Wing Commander or HAF, MAJCOM, NAF, FOA and DRU Director approves a request for accommodation involving grooming and appearance, the approval authority will notify the Airmen and forward a copy of the approval to the servicing Force Support Squadron for filing in the members automated personnel record.

A8.1.2.6. If Wing Commander or HAF, MAJCOM, NAF, FOA and DRU Director recommends disapproval, forward the request with the photo or description of the head covering, religious affiliated item or grooming standard/personal appearance to the appropriate MAJCOM, FOA or DRU A1. The MAJCOM, FOA, DRU A1 recommends approval or disapproval and forwards the request, endorsements, associated photos and/or description, and their recommendation to: AF/A1PA at usaf.pentagon.af-a1.mbx.af-a1pa-workflow@mail.mil, for final action by AF/A1, AF/RE or NGB/CF as appropriate.

A8.1.2.7. AF/A1PA forwards all dress and appearance religious accommodation requests not listed in [paragraph A8.1.2](#), and all recommendations to disapprove dress and appearance religious accommodation requests to the AF/A1, AF/RE or NGB/CF as applicable for a decision. Prior to approving religious accommodation requests from Air Force Reserve and Air National Guard Airman, AF/RE and NGB/CF will obtain legal reviews from AFRC/JA and NGB/JA, respectively, that have been coordinated with AF/JAA. AF/JAA will provide a legal review to AF/A1 prior to decision on requests from RegAF Airmen. For disapproval of requests under this section, follow the process outlined in [paragraph A8.1.2.1](#) AF/A1PA returns the final decision to the MAJCOM, FOA, or DRU A1 to forward to the servicing Force Support Squadron who will notify the Airman of the final decision, ensuring a copy of the approval or disapproval letter is included in the member's automated personnel records.

A8.1.3. The following wear and appearance standards below apply to all Airmen with an accommodation permitting the following faith practices: the wear of a hijab; the wear of a beard; and the wear of a turban or under-turban/patka, with uncut beard and uncut hair.

A8.1.3.1. Hijab (Head Scarf). An accommodated Airman may wear a hijab (head scarf) made of a subdued material in a color that closely resembles the assigned uniform (generally black, brown, green, tan, or navy blue as appropriate), see [figure 8.1](#). The material will be free of designs or markings, except that an Airman wearing the ABU or OCP may wear a hijab in a camouflage pattern matching the uniform. When directed by a commander, the Airman may be required to wear a hijab made of fire-resistant material. The hijab will be worn in a neat and conservative manner that presents a professional and well-groomed appearance. The hijab must be closely fitted to the contours of the head and neck and may not cover the eyebrows, eyes, cheeks, nose, mouth, or chin. The bottom edges of the hijab will be tucked under the Airman's uniform top and all required headgear will still be worn. Hair underneath the hijab must be worn in a hairstyle authorized for the Airmen according to [paragraph 3.1.3](#). The bulk of the Airman's hair and hijab may not impair the ability to wear protective equipment; impede the ability to operate an assigned weapon, military equipment, or machinery; or interfere with the ability to perform the assigned military duties.

Figure A8.1. Hijab.

A8.1.3.2. Beards. Beards (which include facial and neck hair) must be maintained to a length not to exceed 2 inches when measured from the bottom of the chin. Beard hair longer than 2 inches must be rolled and/or tied to achieve the required length. Beards must be worn in a neat and conservative manner that presents a professional appearance. Airmen may use styling products to groom or hold the beard in place, but may not use petroleum-based products if wearing a protective mask during training. The bulk of an Airman's beard may not impair the ability to operate an assigned weapon, military equipment, or machinery. A mustache worn with a beard may extend sideways beyond the corners of the

mouth to connect with the beard, but must be trimmed or groomed to not cover the upper lip.

Figure A8.2. Beard.

A8.1.3.3. Turban and Under-Turban. An accommodated Airman may wear a turban (or under-turban or patka, as appropriate) made of a subdued material in a color that closely resembles the headgear for an assigned uniform. Wing Commanders may designate conditions where the under-turban will be worn instead of the turban. The turban or under-turban will be worn in a neat and conservative manner that presents a professional and well-groomed appearance. The material will be free of designs or markings, except that an Airman wearing the ABU or OCP may wear a turban or under-turban in a camouflage pattern matching the uniform. When directed by a Commander, the Airman may be required to wear an under-turban made of fire resistant material. Unless duties, position, or assignment require an Airman to wear protective headgear, Airmen granted this accommodation are not required to wear military headgear in addition to the turban or under-turban. Rank will be displayed on the turban or under-turban when worn in circumstances where military headgear is customarily worn and removed in circumstances where military headgear is not customarily worn, such as indoors or in no-hat/no-salute

designated areas. Hair worn under the turban or under-turban is not subject to [paragraph 3.1.2.](#) standards, but may not fall over the ears or eyebrows or touch the collar while in uniform. When Airmen are wearing protective headgear with the under-turban, the bulk of the hair will be repositioned or adjusted to ensure proper fit.

Figure A8.3. Turban/Under Turban.

A8.1.4. Submission of a new exception to policy request for religious accommodation is not required unless the Airman has a break in service longer than 365 days or is requesting a modification of a previously approved waiver.

SUBJECT: Decision Regarding Religious Accommodation Request – Member's
Names

I have received your request for a religious accommodation to permit you to wear a turban with uncut beard and uncut hair in observation of your Sikh faith, along with the recommendations of your chain of command. After careful consideration of the specific facts and circumstances, I grant your request for an accommodation to wear a turban with uncut beard and uncut hair indoors and outdoors in all uniform combinations subject to the limitations described in this decision memorandum. A copy of this decision memorandum will be placed in your automated personnel records.

While assigned or performing routine, non-hazardous duties, you may wear a turban with uncut beard and uncut hair. The turban will be worn in a neat and conservative manner that presents a professional and well-groomed appearance. The material will be plain, dark blue, or black, free of designs or markings; except when wearing the Airman Battle Uniform or the Operational Camouflage Pattern Uniform, you may wear a turban or under-turban in a camouflage pattern matching the uniform. If you are assigned to units wearing a beret of any color, you may wear an appropriately colored turban or under-turban as directed by the unit commander.

Your beard must be maintained to a length not to exceed 2 inches when measured from the bottom of the chin. Beard hair longer than 2 inches must be rolled and/or tied to achieve the required length and must be worn in a neat and conservative manner that presents a professional appearance. You may use styling products to groom or hold the beard in place, but may not use petroleum-based products if wearing a protective mask. The bulk of your beard may not impair the ability to operate an assigned weapon, military equipment, or machinery.

A mustache worn with a beard may extend sideways beyond the corners of the mouth to connect with the beard, but must be trimmed or groomed to not cover the upper lip.

Unless duties, position, or assignment require you to wear the Advanced Combat Helmet or other protective headgear, you are not required to wear military headgear in addition to the turban or under-turban. Rank insignia will be displayed on the turban or under-turban when worn in circumstances where military headgear is customarily worn.

When the turban is worn, hair worn under the turban is not subject to the standards in Air Force Instruction 36-2903, Dress and Personal Appearance of Air Force Personnel, but may not fall over the ears or eyebrows or touch the collar while in uniform. When wearing an Advanced Combat Helmet or other protective headgear with the under-turban, the bulk of the hair will be repositioned or adjusted to ensure proper fit. When directed by a commander, you may be required to wear an under-

turban of fire-resistant material.

Due to the Air Force's compelling interest of safety, you must remove your turban if you go within 25 feet of an operating aircraft. If you must remove your turban, you will adhere to the female dress and appearance standards for hair as outlined in Air Force Instruction 36-2903, **paragraph 3.1.3**

Should you be assigned or directed to perform hazardous duty (duties for which you would be entitled to receive incentive pay for hazardous duty, special pay for duty subject to hostile fire or imminent danger, or hazardous duty incentive pay for flying duty) or operate in a hazardous environment (to include a chemical threat), continuation of this accommodation will be evaluated by your chain of command. This evaluation will be expeditiously forwarded to me for decision whether to suspend the accommodation during your assignment to such areas. This paragraph is not intended, nor does it operate, to impede your command's authority to order immediate removal of your turban to ensure, for example, a proper gas mask fit in the event of a chemical, biological, radiological, nuclear or explosive threat.

I may withdraw or limit the scope of your accommodation for reasons of military necessity. If circumstances require that you be directed to comply fully with standards in Air Force Instruction 36-2903, you should be prepared to do so.

My point of contact for this action is XXXX, who can be reached at XXX-XXX-XXX (DSN XXX).
